## Why Join HL7 International?

**Our members include healthcare providers, government stakeholders, payers, pharmaceutical companies, vendors/suppliers, and consulting firms centered around the health IT field.**

**HL7 membership offers valuable resources and services plus broader participation to influence the technical and policy environment of HL7 Standards.**

“

Having the ability to access HL7 implementation guides and be at the forefront of Interoperability initiatives is a huge advantage.”

- Srinivas V, Member

**Health Level Seven® is the world's leading health IT standards development organization. Our diverse membership also receives education and certification opportunities and access to a dynamic community who collaborate to advance interoperability and improve patient care.**

**HL7 is supported by more than 1,600 members from over 50 countries.**

“

I am a project manager working for a Health Information Exchange. I frequently work with our integrations team and HL7 helps me keep up to date with current technology and terminology, which in turn improves my ability to support our technical team.”

- Mena W, Member
